
PART I.

WHAT IS THE PURPOSE OF THIS SURVEY?

Every five years, the Escambia Consortium is required to develop a Consolidated Plan that identifies housing and community development needs in the community and sets forth strategies over the next five years to address those priorities. The Escambia Consortium is currently in the process of developing its 2010-2014 Consolidated Plan. The City of Pensacola receives approximately \$961,000 in federal Community Development Block Grant (CDBG) funds each year for housing and community development projects. Escambia County receives approximately \$2.1 million in CDBG federal funds; approximately \$1.8 million in HOME Investment Partnerships Act (HOME) federal funds; and approximately \$92,000 in Emergency Shelter Grant (ESG) federal funds.

We would like to get your input regarding housing and community development needs and priorities in your community. You can assist us by completing this survey. We ask that only one survey per resident, business, or agency be submitted.

WHEN AND WHERE DO I RETURN THE SURVEY?
